SUMMER VACATION

The Summer Vacation has already begun from 14th May 2021 for all students. Holiday Home Works have been given to all the students in almost all the subjects by their respective teachers. The students are expected to spend some time at their home for studies and also to complete the holiday home works properly and neatly. Parents are requested to help their wards to do their studies at home. We are planning to conduct the 1st Quarterly or PT 1 in the month of July. Therefore, students should prepare themselves for it during the holidays. Wish you all great holidays.

Stay safe and stay healthy.

Thanks

Principal
