SCHOOL FEES

Dear Parents,

The Honourable Supreme Court has given the final verdict in favour of the parents keeping in mind the pandemic times. According to the Interim Order given earlier, it was required by the parents to pay the 100% fees of their wards. But now in the final verdict, the Honourable Court has ordered that parents will pay only the 85% of the Fees for the year 2020-21.

Most of the parents have paid 70% of two or more installments. Now parents are to pay the balance 15% of all the installments and any other installments if due. The details of due fees of each student are given on the Online payment portal (2020-21).

Also, for this year too (Session 2021-22), consecutively for the third year, we are not making any increase in the school fees. The same Fee Structure as it was in the year 2019-20 will remain this year too.

The ONLINE PAYMENT PORTAL for both the years (2020-21 – 85% and 2021-22 – 100%) are available on the school website. Parents can pay the due fees as soon as possible either online or in the bank. You are most welcome to the school office to find out the remaining due fees of your ward anytime during the school office hours.

Expecting your co-operation and support,

Principal
